In-class Warm Up

COSC 101C Intro to Computing I

Prof. Forrest Davis

Name:

Discuss and complete the following questions with the person nearest you. You **may** be asked to share your thoughts with the class.

1. Tell your neighbor about a movie you watched over the summer (that you enjoyed)

2. Write programs with your neighbor on the nearest whiteboard that do the following:
 - a. Calculates the area of a swimming pool which is 50 meters long and 25 meters wide.

 - b. Calculates the area of a volleyball court, which is 15 meters long and 7.43 meters wide (I have no idea if this at all resembles a volleyball court).

 - c. Calculates the area of a room by asking the user the length and width of the relevant room.
